1. Select the "Measures" tab.
2. Select the destination country drop-down list.

The screenshot shows the top navigation bar with three tabs: "Measures", "Geographical areas", and "Regulations". The "Measures" tab is selected. Below the navigation bar is a search area with the text "Search by goods code and geographical area". There are two input fields: "Goods code [Browse the Nomenclature]" and "Origin/destination". The "Origin/destination" dropdown menu is open, showing "Ireland - IE" selected. A red circle with the number "1" is placed over the "Measures" tab, and another red circle with the number "2" is placed over the "Origin/destination" dropdown menu. Below the search area is a blue button labeled "Retrieve Measures". At the bottom, there is a date field showing "The current reference date for the query is 15-08-2022".
